

## Damian Green MP meets Chris King

On Wednesday 21st February 2007, Damian Green MP met up with Chris King, General Manager of Cole Ironcraft Ltd, on the steps of St Paul's Cathedral. As a business within Damian Green's constituency, he was interested in the refurbishment work we had undertaken at the cathedral.

Some thirty years ago, Sir Keith Speed MP, Damian's predecessor, visited our site in Bethersden. We were involved in another refurbishment project for St Paul's cathedral.
